CABA was founded in Boston, Massachusetts. One primary goal of CABA is to promote global BioMedical innovation and business development; to connect members including corporate members with the scientific and business resources in China; and to facilitate collaborations between the pharmaceutical and biomedical industries across continents collaborating with other Chinese

Being a CABA member will benefit you in many ways:

- 1) Join a community of highly accomplished Chinese-American bio/pharma scientists and biomedical researchers around the Boston area for social networking and scientific exchange
- 2) Attend all of CABA's annual conferences, scientific symposia, workshops, seminars at no charge.
- 3) Have privileged access to information exchange among CABA's affiliated Chinese-American professional organizations, including CBA, CABS, SABPA, SAPA, NECINA, and OCEAN.
- 4) Access to job-posting information, vendor/product information etc.
- 5) Find out the latest information in Chinese Biomedical science and enterprise development
- 6) And much more.

Fee

Membership Fee Per Year: Regular \$30; Student \$15; Life Member \$200.
